

**REMARKS/ARGUMENTS**

Claims 34-50 are pending.

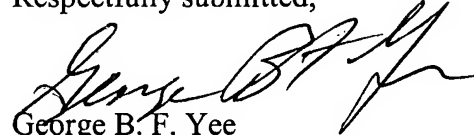

Claims 49 and 50 were rejected under 35 U.S.C. Section 112, 2<sup>nd</sup> Paragraph, for reciting "microprocessor." In response, claim 49 has been amended to recite "processor." The Section 112 rejection is believed to be overcome.

The claims have been rejected for non-statutory double patenting in view of commonly owned U.S. Pat. No. 6,728,848. A Terminal Disclaimer disclaiming any period beyond that of U.S. Pat. No. 6,728,848 is filed herewith. The non-statutory double patenting rejection is believed to be overcome.

It is noted with appreciation that the claims otherwise appear to be in condition for allowance.

In view of the foregoing, Applicants believe all claims now pending in this Application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested.

Respectfully submitted,

  
George B. F. Yee
